

Extra Cover Plan

All Caple appliances come with a FREE 1 year parts and labour guarantee.

For extra piece of mind and a small cost, our Extra Cover Plan extends the guarantee to 3 or 5 years. Both guarantees cover the full cost of repairs, including parts and labour, in the event of a breakdown. The Extra Cover Plan also protects against breakdown caused through fair wear and tear resulting from above average domestic use and covers for freezer spoilage up to £300. (This applies to spoilage resulting from the accidental failure of electricity supply* as well as breakdown.)

Extra Cover Plan application forms are included with all appliances. For payments made by direct debit the premium can be spread over 10 months. Guarantees are void if an appliance is used for commercial purposes. Our scheme is backed by Domestic & General Insurance.
