

PRODUCT FICHE

MODEL: WMI3000

Rated capacity:6kg

Energy efficiency class:A++

Energy consumption 173kwh per year, based on 220 standard washing cycles for cotton at 60° C/40°C at full and partial load, and the consumption of the low-power modes. Actual energy consumption will depend on how the appliance is used.

Water consumption 9240 litres per year, based on 220 standard washing cycles for cotton 60° C /40°C at full and partial load. Actual water consumption will depend on how the appliance is used.

Spin-drying efficiency class B on a scale from G (least efficient) to A (most efficient)

Maximum spin speed:1200rpm

Consumption values(1200rpm):

| Standard Programme | Load | Energy consumption | Water consumption | Remaining moisture content | Programme duration |
|--------------------|------|--------------------|-------------------|----------------------------|--------------------|
| Cotton 60°C | 6kg | 0.88kwh | 48L | 50% | 277 min |
| Cotton 60°C | 3kg | 0.66kwh | 37L | 55% | 246 min |
| Cotton 40°C | 3kg | 0.69kwh | 37L | 55% | 245 min |

NOTES:

1. Programme setting for testing in accordance with applicable standard EN60456-2016.
2. When using the test programmes, wash the specified load using the maximum spin speed.
3. The actual parameters will depend on how the appliance is used, and maybe different with the parameters in above mentioned table.

Off mode power consumption:0.5W

Left-on mode power consumption:1.0W

Airborne acoustical noise (washing):57

Airborne acoustical noise (spinning):74

NOTES: The airborne acoustical noise emissions during washing/spinning for the cotton 60° C programme at full load.
